# READY-TO-USE **ARROWS** TED MENTEN

Arrows are among the most versatile and useful elements in graphic art and design. They point out, emphasize, locate, and direct — their use is as limitless as the ingenuity of the designer.

This collection offers both traditional and unusual arrows in a tremendous array of sizes, shapes, and styles: bold, discreet, simple, ornate, sleek, old-fashioned, etc.

All the illustrations are directly and immediately useable without statting, numerous copies being provided of most. Everything included is copyright-free. The art is printed in crisp, black images on one side only of glossy white paper.

Original Dover (1979) publication. 32 plates. 64pp. printed on one side only. 8¼ x 11. Paperbound.
